

SKILLS

Artificial Intelligence, GenAI & Machine Learning

AI Engineering & Applied AI (4+ Years)

- Artificial Intelligence (AI) – 4+ years
- AI/ML Engineering – 4+ years
- Artificial Intelligence Engineer – 4+ years
- Artificial Intelligence Developer – 4+ years
- Machine Learning (ML) – 4+ years
- Deep Learning – 4 years
- Data Science & Analytics – 4+ years
- Computer Vision – 4 years
- Recommendation Systems – 4 years
- AI-powered Personalization Systems – 4 years
- AI Solution Development – 4+ years
- AI-powered Automation Systems – 4+ years

Generative AI & LLM Engineering (3+ Years)

- Large Language Models (LLMs) – 3+ years
- Generative AI (GenAI) – 3+ years
- Retrieval-Augmented Generation (RAG) – 3 years
- Prompt Engineering – 3+ years
- Semantic Search – 3 years
- Embeddings & Vector Search – 3 years
- Conversational AI – 3+ years
- Enterprise AI Assistants – 3 years
- AI Workflow Automation – 3 years
- Knowledge Retrieval Systems – 3 years

Agentic AI & Multi-Agent Systems (2+ Years)

- Agentic AI Systems – 2+ years
- LangChain – 3 years
- LangGraph – 2 years
- Multi-Agent Architectures – 2 years
- Autonomous Workflows – 2 years
- Tool Calling & Function Calling – 3 years
- Context Engineering – 2+ years

AI/ML Frameworks & Libraries

- PyTorch – 4 years
- TensorFlow – 4 years
- Scikit-Learn – 5 years
- Pandas – 7 years
- NumPy – 7 years
- NLP (Natural Language Processing) – 4+ years

LLM Platforms & AI Infrastructure

- OpenAI APIs – 3 years
- Anthropic Claude APIs – 2 years

- Ollama – 2 years
 - Pinecone – 2 years
 - Elasticsearch Vector Search – 3 years
 - OpenSearch Vector Search – 2 years
 - Model Deployment & AI Service Integration – 4 years
 - AI Observability & Evaluation – 2 years
-

Core Languages & Frameworks

Backend Development

- Python – 8 years
 - FastAPI – 6 years
 - Django / Django REST Framework – 6 years
 - Flask – 3 years
- Go (Golang) – 3 years
- Java – 3 years
- C# / .NET – 1.5 years

Frontend Development

- JavaScript – 6 years
- TypeScript – 4 years
- React – 5 years
- Next.js – 5 years
- Node.js / Express – 4 years
- Angular – 2 years

Mobile & Native Development

- Swift – 2.5 years
- Android Native (Java) – 3 years
- React Native – 2 years

Systems Programming

- C++ – 3 years
 - WebAssembly (WASM) – 2 years
-

Systems Design & Architecture

- System Design (LLD/HLD) – 6+ years
- Microservices Architecture – 6+ years
- Distributed Systems – 6+ years
- Event-Driven Architecture – 5 years
- Service-Oriented Architecture (SOA)
- High Availability (HA) Systems
- API Design & Integration
- REST APIs
- GraphQL
- gRPC
- CQRS Fundamentals

- Event Sourcing Fundamentals
 - Saga Pattern
 - Distributed Caching
 - Load Balancing
 - Sharding & Partitioning
 - Database Replication
 - Fault-Tolerant Architectures
 - Scalability Engineering
 - Performance Optimization
-

Databases & Storage

Relational Databases

- PostgreSQL – 6 years
- MySQL – 6 years
- SQL Server – 3 years
- Advanced SQL – 8 years

NoSQL Databases

- MongoDB – 6 years
- DynamoDB – 4 years
- Cassandra – 4 years

Caching Technologies

- Redis – 6 years
- Memcached – 2 years

Search & Vector Databases

- Elasticsearch – 4 years
- OpenSearch – 3 years
- Pinecone – 2 years
- Vector Search Systems – 3 years

Graph Databases

- Neo4j – 3 years

Time-Series Databases

- InfluxDB – 3 years
- TimescaleDB – 3 years
- Prometheus TSDB – 4 years

Data Warehousing & Analytics

- Snowflake – 2 years
- BigQuery – 2 years
- Amazon Redshift – 2 years

Database Operations

- Query Optimization
- Database Performance Tuning

- Replication Strategies
 - WAL Management
 - Point-in-Time Recovery (PITR)
 - Backup & Disaster Recovery
-

Messaging, Streaming & Workflow Orchestration

- Apache Kafka – 5 years
- RabbitMQ – 5 years
- AWS SQS – 5 years
- Google Pub/Sub – 4 years
- Celery – 5 years
- Apache Airflow – 3 years
- Kestra – 3 years
- Airbyte – 3 years

Expertise

- Event Streaming
 - Distributed Task Processing
 - Workflow Automation
 - Batch Processing
 - Real-Time Processing
 - Retry & Backoff Strategies
 - Backpressure Handling
-

Cloud & DevOps

Amazon Web Services (AWS) – 5 Years

- EC2
- ECS
- Lambda
- API Gateway
- RDS
- DynamoDB
- S3
- CloudWatch
- IAM

Google Cloud Platform (GCP) – 5 Years

- GKE
- Pub/Sub
- BigQuery
- Cloud Functions
- Logging & Monitoring

Microsoft Azure – 4 Years

- Azure App Services
- Azure Virtual Machines
- Azure SQL
- Azure OpenAI Integrations
- AI Service Hosting

Containers & Orchestration

- Docker – 6 years
- Kubernetes – 6 years
- Helm – 5 years
- Docker Swarm – 3 years

Infrastructure as Code

- Terraform – 4 years
- Ansible – 4 years
- Pulumi – 2 years

CI/CD

- GitLab CI – 6 years
- Jenkins – 5 years
- GitHub Actions – 3 years
- ArgoCD – 2 years

Package Management

- npm
 - Yarn
 - pnpm
 - Bun
-

Monitoring, Observability & Security

Monitoring & Metrics

- Prometheus – 5 years
- CloudWatch – 5 years
- cAdvisor – 2 years
- Node Exporter – 2 years

Dashboards & Visualization

- Grafana – 5 years
- Kibana – 5 years

Logging Platforms

- ELK Stack – 5 years
- Loki – 2 years
- Graylog – 3 years

Tracing & Error Monitoring

- Jaeger – 3 years
- OpenTelemetry – 2 years
- Sentry – 4 years
- New Relic – 4 years
- Datadog – 4 years

Security

- OAuth2 – 5 years

- JWT – 5 years
 - RBAC – 5 years
 - API Security
 - TLS / mTLS
 - Authentication & Authorization
 - Secure API Design
-

Frontend, Mobile & AR/VR

Web Technologies

- React – 5 years
- Next.js – 5 years
- Angular – 2 years
- HTML5
- CSS3
- JavaScript
- TypeScript

Mobile Technologies

- React Native – 2 years
- Android Native (Java) – 3 years
- iOS Native (Swift) – 2.5 years

AR / XR Technologies

- MediaPipe – 3 years
 - WebGL – 2 years
 - WASM – 2 years
 - ARCore (Working Knowledge)
 - ARKit (Working Knowledge)
-

Data Science & Analytics

- Data Science – 4+ years
 - Data Analysis
 - Feature Engineering
 - Data Processing Pipelines
 - User Journey Analytics
 - Sales Funnel Analytics
 - Business Intelligence
 - Real-Time Analytics Systems
 - KPI Tracking & Monitoring
-

Testing & Quality Engineering

- Pytest – 5 years
- Tox – 5 years
- Jest – 5 years
- Mocha – 5 years
- Chai – 5 years
- ts-jest – 5 years

Practices

- Test Driven Development (TDD)
 - Unit Testing
 - Integration Testing
 - API Testing
 - Load Testing
 - Performance Testing
 - Regression Testing
-

Developer Tools & Collaboration

Version Control

- Git – 8 years
- GitHub – 8 years
- GitLab – 8 years

Project Management

- Jira – 5+ years
- Confluence – 5+ years
- Trello – 5+ years

Code Quality

- ESLint
 - Prettier
 - Husky
 - Code Reviews
 - Static Code Analysis
-

Leadership & Collaboration

- Technical Leadership – 4+ years
- Team Mentorship – 4+ years
- Engineering Management Support
- Architecture Reviews
- Design Reviews
- Cross-Functional Collaboration
- Stakeholder Management
- Agile & Scrum Methodologies
- Engineering Process Improvements
- CI/CD Adoption Initiatives
- Observability Culture Enablement
- Technical Documentation
- Knowledge Sharing & Training
